Cindy McCree – Bodine Appointed to Executive Board of Associate Builders & Contractors

ORLANDO, Fla. (2/6/2013) – Cindy McCree-Bodine., Vice President of McCree General Contractors & Architects, was recently appointed to the Executive Board of Directors for Associated Builders & Contractors of Central Florida. Associated Builders & Contractors of Central Florida was chartered in 1973 and represents Orange, Osceola, Seminole, Lake and Volusia counties. During her term, McCree-Bodine will serve on the Education and Apprenticeship Committees, along with Outreach & Community Relations Leadership Council.

“It is an honor and privilege to serve on the Executive Board for ABC. I am looking forward to working with ABC to fulfill their mission to provide services, programs and communications which meet or exceed the expectations of the merit shop general contractor, subcontractor, supplier and professional associate members,” said McCree-Bodine.

Mrs. McCree-Bodine is also active in a number of other notable community organizations throughout Central Florida including Central Florida Christian Chamber, BOMA-Building Owners & Managers Association, NAIOP Commercial Real Estate Development Association, West Orange Chamber, Florida Citrus Sports and National Association of Women in Construction.

About McCree General Contractors and Architects

Currently in its 87th year, McCree General Contractors & Architects provides concept to completion design-build services for numerous project types and serves as Central Florida’s oldest design-build firm. McCree is a truly integrated design-builder employing architects, engineers, and contractors all under one roof. For additional information on McCree, please visit www.mccree.com.
