**FOR IMMEDIATE RELEASE:**

**McCree Awarded Orange County Public Schools Contract for \$12M Lake Weston Elementary School Project**

**Orlando, FL/June 13, 2014-** McCree Design Builders, Inc. has been awarded a \$12 million contract by Orange County Public Schools for the reconstruction of Lake Weston Elementary School as part of the School District’s broader campaign to replace aging campuses throughout Orange County.

McCree Design Builders will perform a complete reconstruction of the 83,700 -square-foot campus located at 5500 Milan Drive, replacing all classrooms, administration offices, and other necessary buildings and features, offering the 800-plus student body and staff a state-of-the-art educational environment. The scope of work also includes significant demolition work.

Currently in the pre-construction phase, the construction start date is targeted for August 2014, and the elementary school is expected to be turned over for student occupancy in June 2015.

“We are always honored by opportunities to work with Orange County Public Schools,” said McCree CEO Richard McCree Jr. “This new campus will serve as a focal point for the entire community, offering students and staff a safe and contemporary learning environment for decades to come.”

McCree will be accepting bids from subcontractors and suppliers on July 10, 2014 with plans for this project available on June 16, 2014. Interested parties can obtain plans by contacting McCree by email at bids@mccree.com.

McCree was founded in Orlando in 1926, and for the last 88 years has been a family owned and operated business. It is Central Florida’s oldest Design/Build firm. McCree has provided Construction Management at Risk and Design/Build services for numerous projects throughout the State of Florida and beyond. McCree utilizes an inclusive and diverse staff of general contractors, engineers, architects, and estimators to ensure that every aspect of design and construction is fully understood and handled with the highest degree of industry professionalism.
