FOR IMMEDIATE RELEASE:

**MCCREE BEGINS CONSTRUCTION ON WAYNE DENSCH SITE WORK
PROJECT**

ORLANDO, FL, AUGUST 20, 2012 – McCree General Contractors & Architects has been awarded the Design & Construction Contract for site preparation work on approximately 8 acres adjacent to the Wayne Densch, Inc. Facility located at 2900 West State Road 46 in Sanford. McCree will be overseeing clearing, filling & grading the site along with drainage utilities to allow Wayne Densch, Inc. to expand their facilities at some future date.

Richard McCree Sr. is coordinating the project. Rick Merkel of Highland Engineering is the Civil Engineer. The project is due to start in early September and be completed by December 2012.

For the past 85 years, McCree has been providing concept to completion Design / Build services for numerous project types and serves as Central Florida's oldest Design / Build firm. McCree is a truly integrated design-builder with licensed architects, engineers, and contractors all working in concert to ensure every project is delivered on-time, within budget and exceeding the owner's quality expectations. For additional information on McCree please visit www.mccree.com.
