FOR IMMEDIATE RELEASE:

McCree General Contractors & Architects hired to Design-Build New Nona Smiles Dental Clinic in Lake Nona

ORLANDO, FL, June 18, 2018 – Looking to expand their outreach to the Lake Nona community, Nona Smiles hired McCree General Contractors & Architects to design and construct their new state-of-the-art dental facility in Lake Nona. This new 9,400 sq.ft. mid-century modern themed building will provide the space and function for the Nona Smiles practice to provide their patients with exceptional and innovative care.

When selecting a company to Design and Construct the new facility, husband and wife partners, Dr. Sheila Ramirez and Dr. Carlos Melendez, wanted to find one firm who was able to handle everything from conception to project completion. McCree's enhanced Design-Build method provide them the opportunity to work with only one firm who offered a single-source of responsibility. "Providing our patients with a one-of-a-kind experience utilizing the best technology and a sense of modern comfort is extremely important to us. Our practice has been on a tremendous growth curve and this new facility will provide not only for our existing patients, but also for our future patients as well," stated Ramirez/Melendez.

The new Nona Smiles will be located in the Lake Nona Landing shopping center in Lake Nona off Narcoosee Road. Currently in permitting, construction is scheduled to begin late summer 2018 with a completion in early 2019. "The new Nona Smiles dental facility will not only provide their patients with a unique and high-end experience, but it will be an iconic building well known in the Lake Nona

area for its beautiful design and modern aesthetics. The entire McCree team feels honored Dr. Ramirez and Dr. Melendez selected us to provide Design-Build services for their new Nona Smiles Dental Office,” said Richard McCree, Jr., CEO of McCree. The project is in its final stage of accepting bids. Interested parties wishing to submit a bid are asked to contact McCree at 407-898-4821 or bids@mccree.com.

Currently commemorating its 92nd year in business and lead by 4th generation Richard McCree, Jr., McCree has been family-owned and operated, in Orlando, since 1926. McCree provides concept to completion Design-Build services for numerous project types and serves as Central Florida’s oldest Design-Build firm. McCree is a truly integrated design-builder with licensed Architects, Engineers, and Contractors all working in concert to ensure every project is delivered on-time, with-in budget and exceeding the owners quality expectations.
