FOR IMMEDIATE RELEASE:

McCree Design Builders, Inc. was recently awarded the contract for the Waterford Elementary School Comprehensive Project

Orlando, FL/June 12, 2013- McCree Design Builders, Inc. was recently awarded the contract for Waterford Elementary School by Orange County Public Schools. This comprehensive project will feature extensive remodeling and demolition of portables and existing structures. A new campus will be constructed to accommodate approximately 790 students.

Waterford Elementary School, located at 12950 Lake Underhill Road, is currently in the pre-construction phase. Construction is set to begin in August 2013, and the entire project is scheduled to be finished in 2014 with a budget estimated at \$10 million.

"We are elated to continue our nearly 50 year relationship with OCPS," said the CEO of McCree, Richard McCree Jr. "This state-of-the-art school will provide the community with an efficient and motivating learning environment."

McCree will be accepting bids from subcontractors and suppliers around July 15, and plans for this project will become available on June 17. To obtain plans please contact McCree's Estimator, Don Alcorido (donald.alcorido@mccree.com).

McCree was founded in 1926, and throughout its 87 year history it has been family owned and operated by four generations of the McCree family. It is Central Florida's oldest Design/Build firm, and this history connects McCree to the Central Florida Community in a fundamental way. McCree has provided CM at Risk and Design/Build services for numerous projects throughout the Central Florida area, many of which include schools and other not-for-profit entities. McCree utilizes the services of in-house General Contractors, Architects, Engineers, and Interior Designers to ensure that all the projects it works on are completed successfully on time, on budget, and exceeding expectations for quality. For additional information on McCree please visit www.mccree.com.
